Economic development is deeply connected to community health in many ways. Think through the ways in which your project may have had an economic impact on your town or county. Using your best estimation, check the areas below where your project had an impact.

____ led to a healthier workforce in your town

____ increased or attracted tourism or companies

generated local revenue (i.e. from a farmers market) (how much? ____)

_ helped create a new job or position for someone (how many? ____)

_ helped maintain or justify a job or position for someone (how many? ____)

Tell us more about these economic impacts, and how they were felt.

Any final comments, thoughts, or suggestions about the CAP mini-grant process?

Please check to indicate if this a final report____ or an interim report____.

One last thing! Help us share your story... This final report is complete, once you attach at least one photo with a story/caption about your project along with this form. We also ask your permission to post that photo and story on the GCHA Facebook page so other folks can see the great work you are doing.

Check once you have included a photo and story/caption.
